Guests should follow signs to the Baggage Claim area, where the transportation staff will direct arriving passengers to the conveyor belts assigned to their particular flights. If you need assistance from an Airport Porter at the conveyor belt, those fees or gratuities are your responsibility. You will then be directed outside to the luxury motor coaches.

Transportation is provided within twenty (20) minutes from arrival at airport check-in.

For your convenience, please notify the hotel's Concierge Desk 48 hours in advance to reserve your seats on the airport shuttle. In order to provide sufficient time for travel and airport check-in, the hotel suggests that guests leave the resort three hours prior to their flight departure time.
